Badger Model 180 11 Air

MODEL 180-10 WHIRLWIND. This compressor never needs oil or lubrication. On/off switches (not available on Badger's previous diaphragm compressors) are conveniently located directly on the units. Four attached suction cup feet eliminate compressor "movement". Each unit operates one airbrush, with a pressure of 30 PSI for most airbrushes.

You can bet that I'll stay with Badger Air Brushes forever. And will pass this along to all my model building friends. I'm part of an air museum in Northern California (Pacific Coast Air Museum) I paint real jet fighters and Flight helmets for our airshows and displays with these air brushes, I'd be lost without them.
