by Larry Diamond and Marc F. Plattner. Three years after the first mass protests of the Arab Spring, senior scholars weigh in on how democracy is faring. Beginning in December 2010, a series of uprisings swept the Arab world, toppling four longtime leaders and creating an apparent political opening in a region long impervious to the "third wave" of democratization.

Democracy

In a democracy an individual or group of individuals that integrate a minority have no power against the unlimited power of the majority. It is a case of the majority over the minority. It is a form of government in which the government imposes its authority, almost always in a repressive and aggressive way on its citizens. Authoritarianism is oppressive, totalitarian, despot, among other similar characteristics.
