I still have my first transceiver an early serial number Kenwood TS-520. I purchased this rig while I was living in Syracuse, NY. I used it to maintain a weekly schedule with my best friend, Jud (WA9WMM) during the time I was living in upstate New York. The TS-520 still operates as well as it did when it was new, but it only gets fired up ...

TS-820 A step-up from the TS-520, it added IF shift and 160M coverage, and an optional internal digital display for frequency using the DG-1. The Rx was changed to single conversion with the filters at 8.3MHz. TS-520S The next generation after the TS-520, this model added 160M coverage, phone patch input and output which also allowed recorders and other audio connections such as modern-day ...

Kenwood Hybrid Types

I've recently acquired a Kenwood TS-520S hybrid transceiver, and am experiencing problems in tuning it. I've been a totally inactive ham for nearly 40 years but now am getting the urge to once again return to the air. The transceiver appears to work well on all bands in the "receive" mode.
