Life cycles in KS1 and KS2 | Learning about life cycles in ...

When I teach life cycles, I like to teach the butterfly, frog, chicken, and plant life cycles one after the other. I encourage the kids to make connections between the different life cycles so that they understand the "big idea" that all living things grow and change. I start off the unit by having the kids each bring in a baby photo.

Ideas for a Life Cycles Unit - Learning at the Primary Pond

Life Cycle Thinking in business decision making. This E-Learning Module Kit draws on materials from the Life Cycle Initiative and gives an overview of how to use life cycle thinking within businesses, including impacts that extend beyond their direct control. The module introduces case studies of how life cycle thinking has been applied by businesses globally, and provides an understanding of various life cycle thinking tools, and when and how to apply them.
