- Viv Ellis

Collective Creativity. In
1990, Peter Senge's
book The Fifth
Discipline arrived in
bookstores and began
popping up in the
boardrooms of
corporate America.
Over the next year or
so, the book and its
description of learning
organizations, which

Download File PDF Learning And

Human activity is emphasised as the core driver in the creative process. This is great in acknowledging the active role children play in facilitating their own learning. However, an emphasis on human activity is also limited in that it does not look at the role of non-human things, like materials and nature, and how these also influence the creative

Easel and finger painting while listening to classical music; drawing; clay work; making prints; slithering cornstarch goop between fingers- these are just a few of the art activities that promote creativity and are already staples of many early childhood classrooms. Sensitive observation will reveal creative discoveries.
