Radiohead's OK Computer (33 1/3 Series) by Dai Griffiths ...

The 33 1/3 series is a gift and when I saw they were writing a book on one of my all time favorite recordings, OK Computer, I couldn't have been happier. The book in a word however, blows. Much of the book is dedicated to some aimless theories about the place of LP records and cds in the broad landscape of musicology.

Radiohead's OK Computer (33 1/3): Amazon.co.uk: Dai ...

About Radiohead's OK Computer. Seemingly granted 'classic album' status within days of its release in 1997, OK Computer transformed Radiohead from a highly promising rock act into The Most Important Band in the World - a label the band has been burdened by (and has fooled around with) ever since.Through close musical analysis of each song, Dai Griffiths explores the themes and ideas that ...

Radiohead's OK Computer (33 1/3) Paperback - 1 Oct 2004 by ...

If you're looking for some analysis into the career of 'Radiohead' or contextual analysis of OK Computer you can do a lot worse than 33 1/3's "OK Computer". I would not however, suggest completely ignoring this book as I have found it a valuable asset into further understanding of the bands creative intention and the entity that is "OK Computer".

33. Scatterbrain (2003) ... OK Computer's opener took the bait then veered left: first the brain-melting deluge, then ripples of funk, a sexy drum lurch and some Maxinquaye basslines. Yorke ...

Radiohead's 40 greatest songs - ranked! | Radiohead | The ...

OK Computer is the album that took Radiohead far into the mainstream, while retaining rockist cred - at least to some. Combining prog with alternative rock influences, said Classic Rock's reviewer, "they came up with a style that was supple, subtle and sensuous". This wasn't Pink Floyd for the end of the millennium, it was original ...
