Koppel's book, "The Intuitive Trader" provides excellent insights into the ways to combine left-brain (logical) and right brain (intuitive) skills to gain the competitive advantage. Koppel interviews established masters and shows how each of them rely on both the left and right sides of the brain.

### Amazon.com: Customer reviews: The Intuitive Trader ...

If your stock is performing worse than the market, you probably want to be short that stock. This is something I've implemented my entire career. Back in the day, when I was working on Wall Street, each trader always had one sector. There was an oil trader, a tech trader, a healthcare trader... everyone was an expert on their respective sector.

### How to Develop Your "Trader's Intuition" - Jeff Clark Trader

Intuitive skills are not required as the system is based on price movement properties and market behavior. For short term trading it is purely a technical system, regardless of news noise and what occurs in the macro markets. A simple, focused, easy to follow to become a proficient strategy-oriented trader.
